27 July 1973

MEMORANDUM FOR: Mr. Colby
General Walters

Here is the draft paper I mentioned on the broader implications of current developments in Soviet strategic weapons. It was produced by a working group composed of Bob Gates (the principal drafter)

(the straw boss), and myself. It has had the benefit of comments and suggestions by Ed Proctor. Carl Duckett has a copy but has not yet responded.

Ramsey Forbush

Copies to:

Mr. Proctor
Mr. Duckett
Members of working group
